

DEATHS IN GERMAN MINE STRIKE RIOTS

Duesseldorf Region, in Rhinisch Prussia, Declared Under State of Siege

BERLIN WALKOUT FAILS

By the Associated Press
Essen, Jan. 16.—Several persons have been killed and wounded in disturbances at Duisburg, Steckerade and other towns in the industrial district where 20,000 miners are striking. The Duesseldorf region in Rhinisch Prussia has been declared under a strict state of siege.

Attempts have intervened at Frankfurt to enforce orders prohibiting an Independent Socialist demonstration protesting against the "assassins of Berlin."

Berlin, Jan. 16.—(By A. P.)—Proceedings against leaders of the mob which stormed the Reichstag building Tuesday as well as those responsible for the proclamation that brought the crowds into the streets have been begun by the state's attorney. Fifteen arrests have already been made.

Attempts of radical labor leaders to provoke a general strike yesterday as a protest against the shooting of members of Tuesday's mob failed completely. The inner city presented its usual aspect. A few of the largest shops where radicals predominate were shut down, but there were no street crowds visible in the downtown centers.

In many large industrial plants there were sharp clashes between Majority Socialist labor leaders who opposed a strike, and Independent Socialist and Communist agitators. Gustav Noske, minister of defense, announced drastic penalties would be inflicted upon any who attempted to interfere with troops or with technical emergency crews which are protecting public utilities.

Council surveillance boards comprising a total membership of 600,000 workers throughout Germany would be provided for in the industrial councils bill now before the Reichstag. Opposition to this bill was the ostensible

cause of the rioting before the Reichstag building. Voelger, National Liberal, who is opposing the bill, declared in an address that 10,000 miners were demanding places on these boards and asserted if they secured the desired posts they would be precluded from their usual work. He said this would result in an annual decrease of mined coal amounting to 1,500,000 tons.

London, Jan. 16.—(By A. P.)—The strikers on the German railways have resumed work in a majority of the districts, says a Central News dispatch from Berlin today. The men, it is said, received wage increases of 200 marks monthly, while the salaries of officials were increased 150 per cent. These increases, it is stated, will bring about a deficit of an additional 1,500,000,000 marks for the railways, which probably will lead to another rise in rates.

Germans Also Mention Siegfried Heckscher as Ambassador
Berlin, Jan. 16.—(By A. P.)—Dr. W. S. Self, former German foreign minister, and Dr. Siegfried Heckscher, a former member of the Reichstag, are mentioned as among the available candidates for appointment as ambassador to Washington.

Doctor Self was former governor of Siam and colonial minister in the old regime. He served as the first foreign minister after the German revolution. Doctor Heckscher was formerly director of the Hamburg-American Steamship Co.

LE SOLITE NOTIZIE RIGUARDO A FIUME

Si Dice che l'Italia Avrebbe Rinunziato alla Sovranita' sulla Citta' di Fiume

Published and Distributed Under PERMIT NO. 541
Authorized by the act of October 6, 1917, on file at the Postoffice of Philadelphia, Pa.
A. S. BURLERSON,
Postmaster General.

Parigi, 16 gennaio.—Il giornale "Le Temps" annuncia che l'Italia avrebbe abbandonato l'idea della sovranita' sulla citta' di Fiume e della neutralizzazione di Sebenico. Il porto di Fiume e le ferrovie dovranno essere poste sotto l'autorita' della Lega delle Nazioni.

La sistemazione della questione Adriatica, secondo l'Associated Press, lascia ora alla Jugoslavia ed al Primo Ministro dell'Italia, On. Nitti, dimostra che Francia, Niglieria ed

Italia sono pienamente d'accordo. La proposta soluzione e' stata comunicata a Belgrado ed anche a Washington, da dove si spera di ricevere una risposta favorevole.

Il giornale in parola, riferendosi al testo del compromesso annuncia che Nitti avrebbe detto che l'Italia offrirebbe di abbandonare il Porto di Fiume e le ferrovie di Sussak sotto il controllo della Lega delle Nazioni. Il Primo Ministro Nitti avrebbe aggiunto: "La citta' per se stessa e' assolutamente di natura italiana."

Nell'opinione dell'On. Nitti in questione Adriatica e' stata molto esagerata d'importanza in America. Egli fu ottimista che un accordo era vicino e che non minacciava l'interferenza da parte degli Stati Uniti. L'On. Nitti avrebbe detto:

"Le mie relazioni col Presidente Wilson sono state sempre amichevoli. L'America desidera pace piu' che le nazioni europee, e cio' non puo' lasciare la questione Adriatica insoluita, quando tre grandi Potenze sono in accordo.

"La situazione economica in Italia e' migliore di quella rapportata. Il debito di guerra dell'Italia e' piu' piccolo di quello di qualsiasi altro beligerante, ma il sentimento del pubblico e' irritato perche' il popolo comprende che si e' entro' in guerra con

tutte le risorse a nostra disposizione. E' un fatto lungamente ed aspramente, ed ebbe mezzo milione di uomini uccisi, sul'Adriatico.
